Chongqing Raffles City

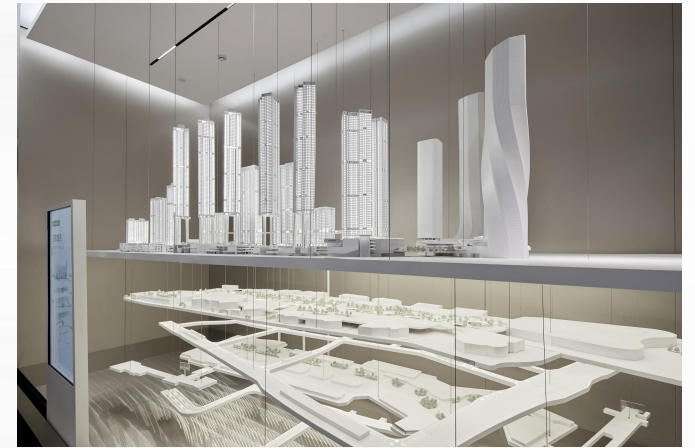

A landmark riverfront model with complex topography and glass-bridge architecture. Showcasing advanced illumination control and suspended tower detailing

CASE PRESENTATION

Jianhua Longfor Xiangshan Song

Large- scale mixed- use model integrating commercial, residential, and landscape zones. Demonstrates precise scale control and spatial planning aesthetics.

Lvjing Baishizhou

An urban renewal showcase model highlighting future smart- city planning and urban vitality. Metallic tones and circular light frames accentuate modern design themes

CASE PRESENTATION

Pengrui One Shenzhen Bay

A coastal landmark model reflecting contemporary luxury residence designs. Seamless seascape lighting illustrates architectural transparency and open horizons.

Poly Tianzan

Dynamic lighting and waterscape simulation present a futuristic design language of riverside development. A precise architectural model showcasing technological art.

CASE PRESENTATION

Shanghai Greentown Chaoming Dongfang

An elegant urban residential model characterized by curved façade detailing and tranquil garden layouts. Reflecting Greentown's aesthetics of refined quality.

CASE PRESENTATION

Everbright Tianjiao International

The model captures the interplay between city and nature with unique terrain simulation and minimalist lighting arrangement.

PROJECT NAME
New Hope D10 Tianfu

Enable the page to present a complete information structure before the content is refined, facilitating design previews or communication of requirements.

Case Presentation

Tianjin TEDA Style Jinyun

Circular model presentation integrating multimedia LED ring to deliver immersive city planning visualization. Award-winning design for interactive exhibition halls.

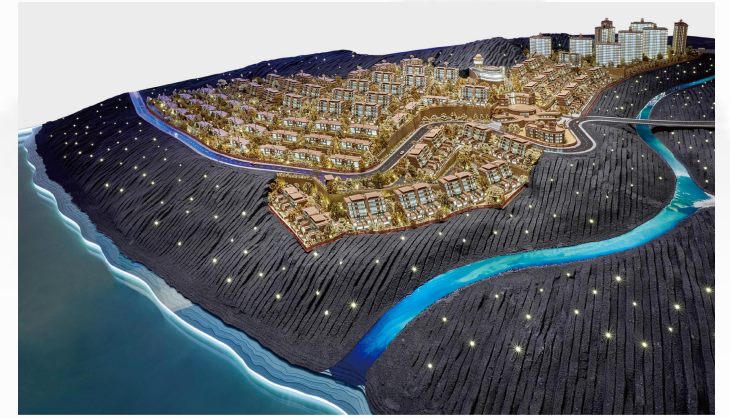

CASE PRESENTATION

Wen'an Yuexiu Tianque

A refined residential model combining architectural precision with elegant presentation. Realistic landscaping and lighting reveal the modern ecological living concept of Yuexiu Group.

Vanke 17 Miles

A coastal tourism and residential model combining natural terrain and ocean lighting.

Showcasing the smooth transition between hillside housing and sea view villas.

CASE PRESENTATION

Vanke Jade West Lake Yunlu

A low-rise community model designed to illustrate harmonious integration of architecture and landscape. Warm tone lighting creates an inviting residential ambiance.

CASE PRESENTATION

Sunac Zhongyuan No.1 Courtyard

A classical Chinese courtyard- style residential model highlighting timber textures and landscape balance. Represents Sunac's commitment to heritage craftsmanship and modern living.

CASE PRESENTATION

Central China Real Estate New Town

Smart city community model featuring multi- block layout and interactive exhibition design.

Golden lighting and reflective roof details enhance urban elegance.

CASE PRESENTATION

Shanghai Hongkou Shui On Project

A heritage urban renewal model reviving Shanghai's historic Bund architecture. Precise brick textures and courtyard layouts reflect traditional cultural aesthetics.

CASE PRESENTATION

Suzhou Greentown Taohuayuan

Inspired by classical Jiangnan gardens, the model expresses elegant symmetry and natural balance. Crafted with hand-colored tiles and miniature landscape composition.

CASE PRESENTATION

Greentown Clear Water Bay

A modern villa model highlighting transparent facades and functional interior exposure. Minimalist structure demonstrates the refined craftsmanship of Shanzhitian's precision modeling.

CASE PRESENTATION

Yanlord Meishi Golf

Luxury villa model with layered terrace design and natural water texture. Exemplifies Yanlord's exclusive resort living concept.

CASE PRESENTATION

Vanke Ruyuan

Detailed interior model displaying luxury residential planning and lighting simulation.

Combining fine woodwork textures with modern artistic craft.

CASE PRESENTATION

Xi'an China Resources CCBD

Twin tower complex model demonstrating integration of modern commerce and traditional architectural motifs. Lighting design emphasizes dynamic facade transitions and urban vitality.

CASE PRESENTATION

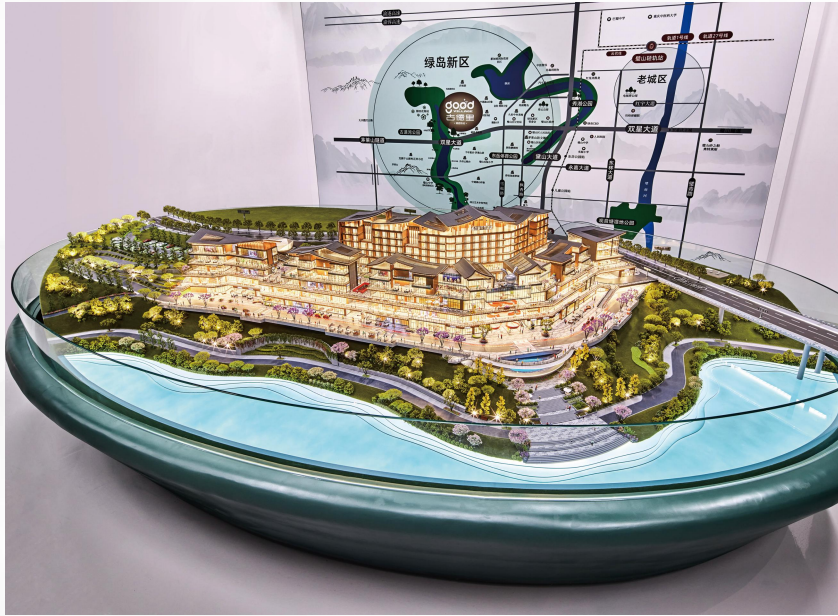

Hangzhou Kerry Centre

Commercial complex model showcasing fluid spatial forms and modern lighting simulation. Reflects urban vitality and precision in architectural representation.

CASE PRESENTATION

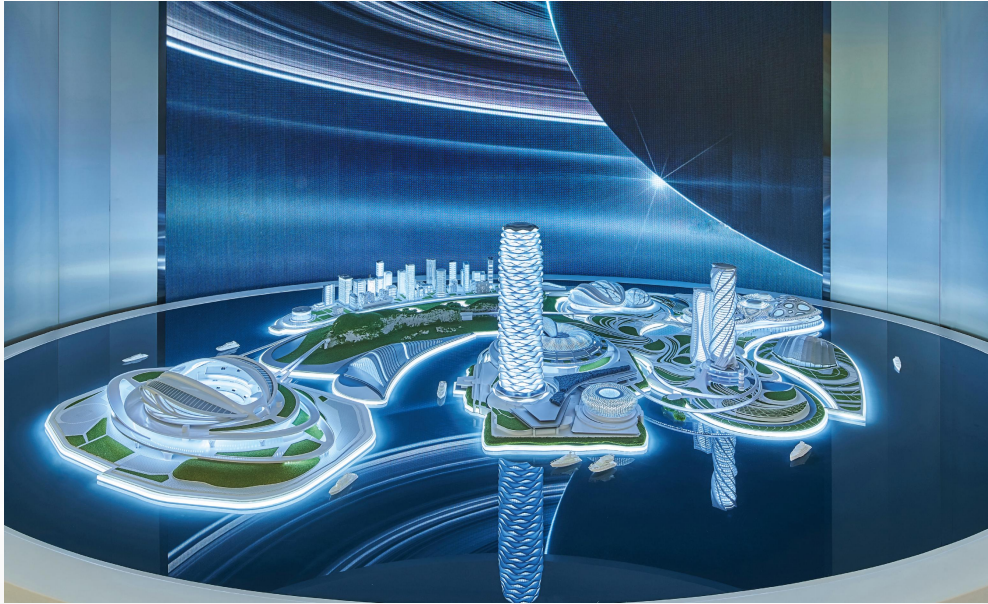

Yanlord Meishi Golf

Leisure resort model integrating landscape, commerce, and residential zones on terraced terrain.

Vivid lighting illustrates the integration of architecture and nature.

CASE PRESENTATION

Future City

Conceptual city model illustrating futuristic architecture and smart urban systems. Immersive lighting and digital design emphasize innovation and vision.

CASE PRESENTATION

CSCEC Exhibition Hall Model

A collection of architectural tower models for corporate presentation and urban planning research. Precision engineering demonstrates professionalism and scale excellence.

CASE PRESENTATION

Yanlord Exhibition Hall Model

Exhibition hall model combining landscape layers with historical timeline presentation. Elegant form and light control reveal brand storytelling through artistic space.

CASE PRESENTATION

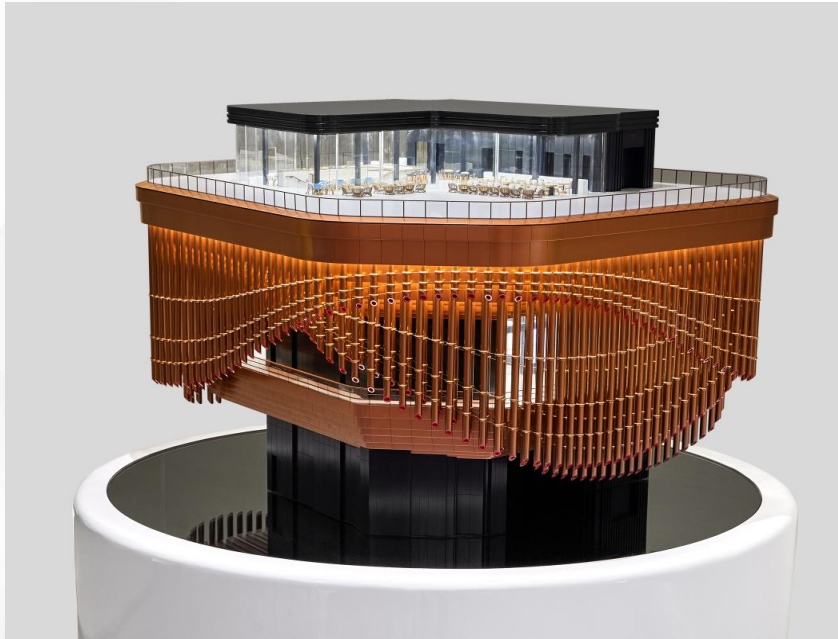

Evergrande Fantasy World

A vibrant theme park model bringing color, light, and story- telling into fantasy architecture. The design showcases children's imagination and immersive experience scenes.

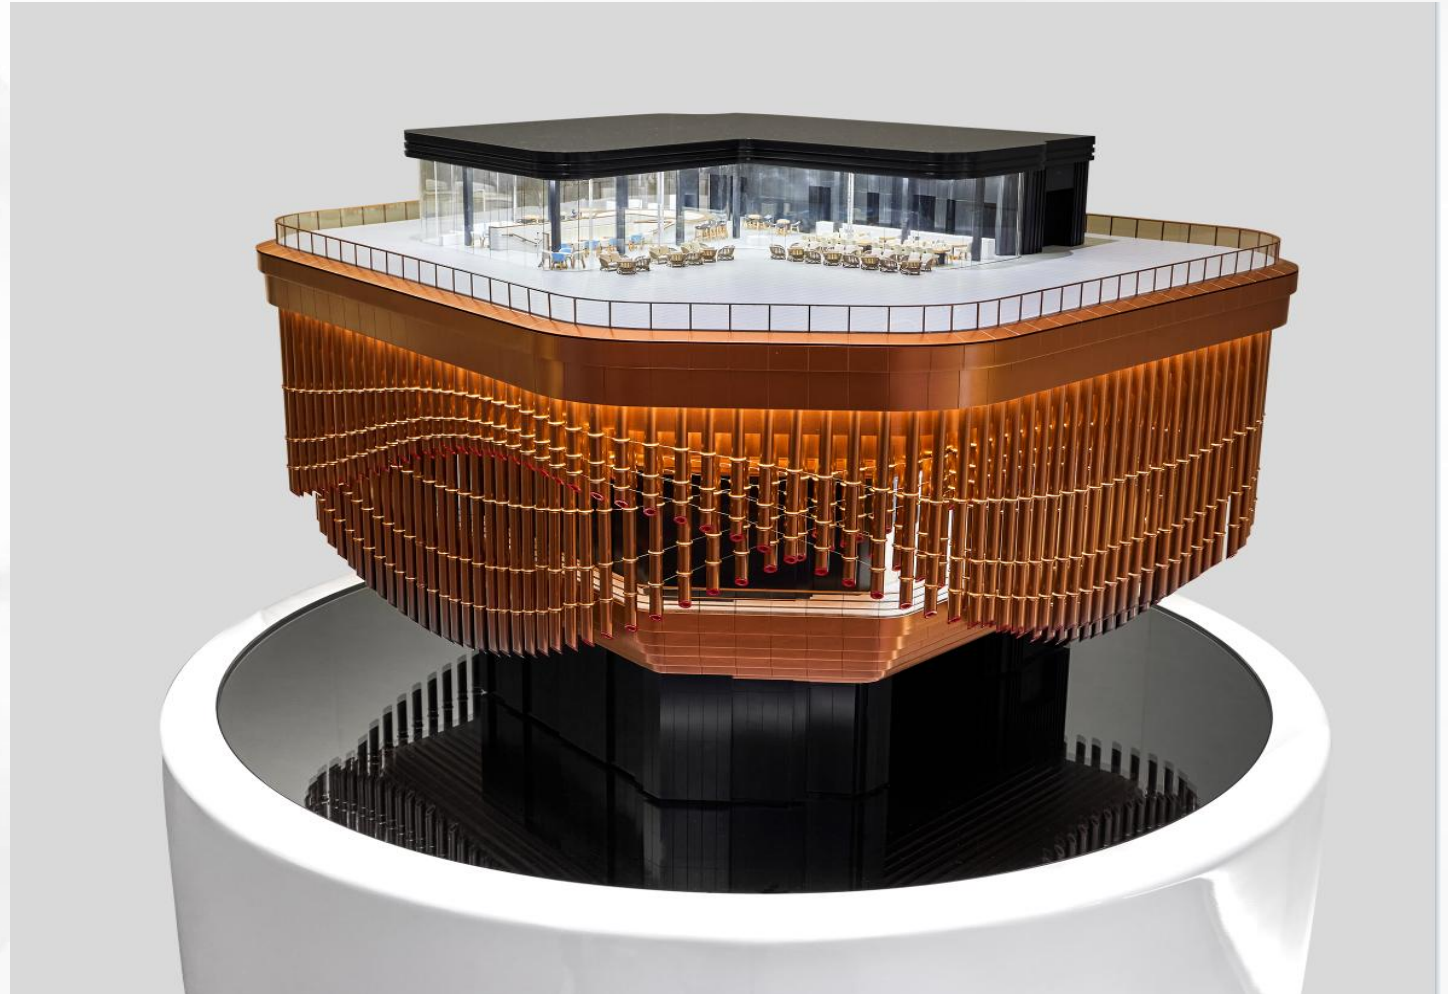

CASE PRESENTATION

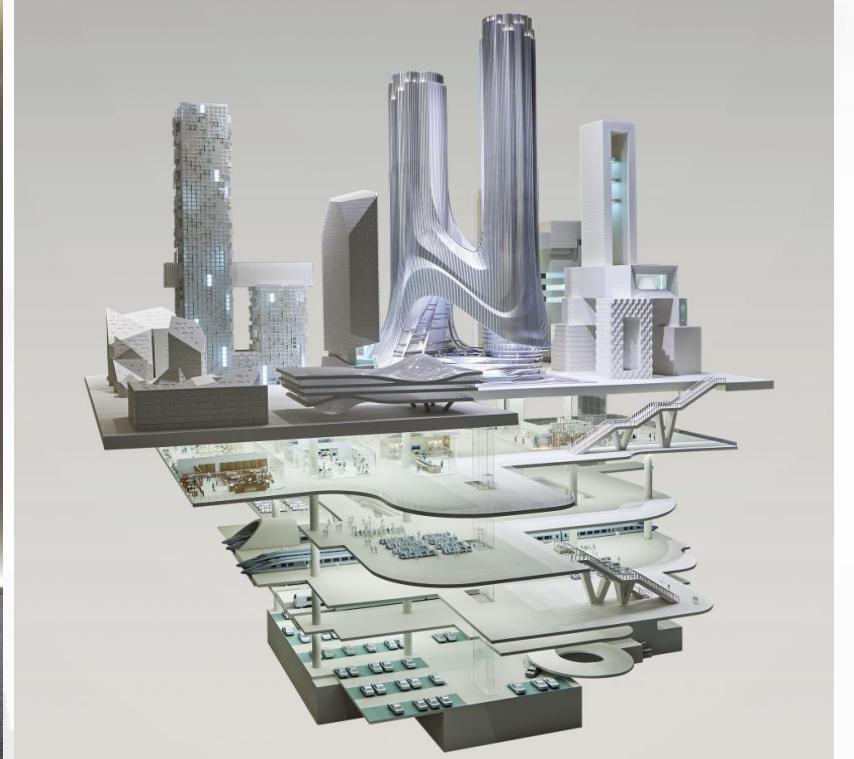

Fosun Foundation Art Center

An iconic cultural architecture model with movable layered mechanical facade. Captures the fusion of modern art and structural beauty.

CASE PRESENTATION

Shenzhen Super Headquarters Base

Large- scale urban concept model presenting multi- layered structural planning and vertical integration. Symbolizes Shenzhen's vision of a smart future city core.
